Judge Thomas read the following resolution to the court:

WHEREAS, Recent figures released by the Census Bureau revealed that Weakley County lost an estimated 14.6% in population or 4,092 people since 1950. This is the greatest loss suffered by any County in Tennessee and

WHEREAS: Weakley County has the largest percentage of population of people over 65 years of age, and;

Whereas, the above figures are evidence that Weakley County is losing its most expensive and most cherished product, its youth, and

Whereas, all Weakley County is suffering economically from the lack of opportunity available to offer our youth, and

Whereas, it seems that an Agricultural and Industrial Committee composed of men and women from all walks of life and avenues of employment working together might help to create opportunity, both agricultural and industrial, now therefore

BE IT RESOLVED THAT THE Quarterly County Court of Weakley Tennessee, hereby appoints and authorizes the County Judge to appoint a Committee of Interested citizens from the various walks of life to serve as our Agricultural and Industrial Committee to work diligently to improve the Agricultural and Industrial opportunities for all Weakley Countians, and thereby the economy of the County,

BE IT FURTHER RESOLVED that the members of this committee serve without compensation. However, \$1,000.00 is hereby appropriated for expenses incurred by said committee in the furtherance of its duties. Items of expense may be reimbursed by the County Judge after approval of the Finance Committee.

Motion made by Esq. T. H. Wilson that the above stated resolution be adopted, seconded by Esq. Bob House.
